THE OBJECT OF THE HOME

Its object has been to serve those who have none to help when dark days of starvation, old age, disease and death overcome them and make them feel the want of a friendly hand more than ever.

The methods adopted, with a view to secure this object, have been :—

(i) To find out neglected sufferers, lying in utter helplessness in the streets, lanes, private houses and at the bathing ghats, and render all possible assistance by admitting them into the Home and giving them clothing, medical treatment, nursing, diet and the like, as long as they are in need.

(ii) To help such sufferers :—

(a) By sending them to the government and other Hospitals in case of want of accommodation in the Home.

(b) By providing medical treatment, diet and nursing (when the sufferers have a shelter of their own) or any one or more the aforesaid forms of help when they are able to secure for themselves the rest.

(iii) To find out and help old, infirm and disabled persons, and *Pardanashin* ladies, who have seen better days but are now reduced to extreme poverty, yet preferring a slow death through starvation to begging.

(a) By sending to their homes weekly doles of rice and pecuniary help.

(b) By giving them shelter and provision in the Home when they are incapable of looking after themselves.

(iv) To render all this assistance, with special attention to their feelings and prejudices, and providing for them a decent cremation if they happen to die without means at the Home.

FOREWORD

That spiritual illumination is by far the grandest object of life, we, even in the East, require to be told and reminded. That among the ways and means selfless work ranks high, is apt to be forgotten. The key to the riddle is the right outlook. On one occasion, when Swami Vivekananda happened to visit this religious centre, he went into raptures over the charitable ministrations of the young workers, and freely gave them what they stood sorely in need of, viz., himself—the vision and the dream, ineffable yet irresistible. On the precious ruins of the benevolent ego, the attitude of reverence and service rose like an exhalation as at the bidding of the spirit. Great was the light that had sprung up before these enthusiastic workers. For, many old attachments came to be broken asunder. In meekness and in living faith was accepted the gospel of 'Renunciation and Service.' The hard features of the relief society melted away, and what looked like a mere alms-house and hospital fast transformed itself into an 'Ashrama' for the realisation of the supreme spiritual unity. Following in the wake of the great Swami, the present workers too, believing as they do in the divinity of man, experience no let or hindrance in the lifting of work into ideal worship. From the practical point of view also, such an attitude has been making for great efficiency, harmony and steady progress. Needless to say, it has won warm public appreciation as well.

Notwithstanding the rapid expansion of this Home of Service—for which we feel very grateful to all our patrons and well-wishers—the resources at our disposal have scarcely been commensurate with the problems of poverty, illness and desolation in a busy congested religious centre of such immense attraction for pilgrims from all parts of India. The high prices on the one hand, and on the other the influx of evacuees from various disturbed areas, resulting unavoidably in the widening of the sphere of relief, have seriously affected our financial resources.

In the circumstances we humbly beg to appeal to the generous public. With the assurance of their kind contributions and sympathetic co-operation, we hope to tide over the present difficulty and to continue to share with them the blessed privilege of serving God in the midst of privation and misery.

IMMEDIATE NEEDS OF THE HOME

(a) Endowments for Beds in the Indoor Hospital and the Invalid Homes :

There are altogether 190 beds in the Indoor Department. Of these 115 are in the Indoor Hospital, including 16 in the Surgical Ward, and 25 beds for men invalids and 50 for women invalids in the two Invalid Homes. A great many of these beds are not endowed. The cost* of endowing a bed for the Surgical Ward is Rs. 4,500/-, for the General Ward Rs. 3,500/- and for the Invalid Home Rs. 3,000/- Donors may avail themselves of this opportunity to perpetuate the memory of their departed beloved ones.

(b) Bedding and clothing :

We are in constant need of these articles.

(c) A Building for the Outdoor Dispensary :

A separate block for the Outdoor Dispensary together with its various departments is an urgent need. The estimated cost of it is Rs. 8,000/-.

(d) General Fund :

A careful scrutiny of the finances on page (40-41) will show that if we omit endowments and sale of shares on the receipts side and investments on the expenditure side, the actual total expenditure far exceeds the total receipts. This is due to the ever-increasing demands on the Home. We therefore appeal to the generous public for their assistance and co-operation in a measure sufficient to enable us to meet the rapidly increasing

*The rates of endowment have been slightly increased due to abnormal cost of medicines and other commodities.

demands on our service at this Home in these days of stress and strain.

Contributions however small, for any of the activities of the Home of Service will be thankfully received and acknowledged by :

(1) The Hony. Asst. Secretary, Ramkrishna Mission Home of Service, Benares, U.P.

(2) The Secretary, Ramakrishna Mission, P.O. Belur Math, Dist. Howrah, Bengal.

SWAMI VIRAJANANDA
President, Ramakrishna Mission

FORTY-SECOND ANNUAL REPORT

The Management of the Ramkrishna Mission Home of Service, Benares, beg to submit their report on the working of the institution for 1942, the forty-second year of its career.

The activities during the year 1942 were under the following heads :

(a) Indoor work comprising: (1) An Indoor General Hospital with 115 beds which takes care of those poor and helpless sufferers who have none to look after them. (2) A refuge for invalid men having 25 beds. (3) A refuge for women invalids having 50 beds. (4) Paralytic cases treated under the Lachmi Narain Paralytic Cases Treatment Fund, and (5) Relief under Chandri Bibi Dharmasala Fund.

(b) Outdoor work comprising: (1) Outdoor Dispensary (including the Shivala Branch), (2) Outdoor help to invalids and helpless ladies of respectable families, and (3) Special and occasional relief.

A. INDOOR WORK

(1) *Indoor General Hospital :*

The total number of cases admitted during the year was 1,434. Of these 984 were cured and discharged, 170 were relieved and discharged, 88 were discharged otherwise, 121 died and 71 remained under treatment at the end of the year. The percentage of death is a little high as we often admit dying cases just to give them a homely environment so that they can die in peace. The daily average of cases was 91. The total number of surgical cases in the Indoor Hospital was 136, of which 112 were major cases. The total number of ghat and road-side cases admitted was 139.

(2) *Refuge for Aged and Invalid Men :*

This refuge is meant for poor invalids stranded in the city of Benares. Though it has a capacity to accommodate 25

invalids, it was possible to keep only 5 permanent inmates during the year, for want of funds.

(3) Refuge for Aged Invalid Women :

In this refuge there were 21 inmates during the year. Many deserving cases had to be refused admission for want of sufficient funds.

(4) Lachmi Narain Trust Fund for Paralytic Patients :

This year 13 Paralytic cases were treated under this Trust Fund created by Babu Radha Charan Saheb, Dy. Collector, in memory of his revered father late Babu Lachmi Narain.

(5) Chandri Bibi Dharmasala Fund :

Under this head 263 men and women were given food and shelter. There is no separate building for housing this class of people. They were accommodated mostly in the refuge for the aged invalids. The income of Rs. 273/- per annum accruing from this fund is quite insufficient to meet the demands on the Home in this direction.

B. OUTDOOR WORK

(1) Outdoor Dispensaries :

The total number of new patients treated at the Outdoor Dispensaries of the Home of Service was 80,648 and the total number of repeated cases was 1,94,328. These include the patients who were treated at the Branch Outdoor Dispensary of the Home at Shivala, where the total number of new cases was 38,331 and that of repeated cases was 94,680. Taking together the figures of both the Dispensaries the daily average attendance was 753. The total number of surgical cases during the year was 777.

(2) Outdoor help to Poor Invalids and Helpless Ladies of Respectable Families :

Under this head 181 persons received weekly and monthly outdoor relief and the total expenditure incurred was Rs. 3,468-0-9 in cash (including Rs. 175/-, the yearly interest

derived from the Audhar Chandra Das Charity Fund, specially constituted for money relief) and 35 maunds 5 seers 12 chts. of rice and atta, besides blankets and clothings. The recipients were generally helpless men and women of respectable families.

(3) *Special and Occasional Relief:*

Under this head, 1,068 persons were given help in the shape of either books for students, food for stranded travellers or similar relief as occasion demanded, and the total expenditure incurred was 140-0-9 in cash and 14 mds. 36 srs. 10 chts. of rice and atta.

FINANCE

The receipts for the year under the General Fund were Rs. 49,503-11-9 and expenditure Rs. 51,354-4-4; the receipts under Building Fund were Rs. 5,115-2-9 and expenditure Rs. 2,946-3-0; the receipts under N. C. Dass Estate were Rs. 1,387-3-0 and expenditure Rs. 725-2-6. Thus the total receipts for the year were Rs. 56,006-1-6 and expenditure Rs. 55,025-9-10.

THE FORTY-SECOND ANNIVERSARY

The 42nd Anniversary of the Ramkrishna Mission Home of Service, Benares, was duly celebrated in the Home premises on the 10th January, 1943, under the presidentship of Pt. Iqbal Narayan Gurtu, M.A., LL.B., Pro-Vice-Chancellor of the Benares Hindu University. The function was well attended by the elite of Benares representing all ranks and communities. The proceedings commenced at 4-30 P. M. with an opening song. Then Munshi Bimalanandan Prasad, the Hony. Treasurer of the Institution read the annual report of the activities of the Institution for the year 1941. After the reading of the report, Rai Bahadur Baijnath Pandya, B. A., Dr. D. P. Ghosh, M. B., Mr. Md. A. Khair, Secretary, Municipal Board, Benares, and Pt. Baidyanath Sastri, B.A., addressed the meeting in Hindi, English, Hindusthani and Bengali respectively. The first two speakers gave an account of the philanthropic activities of the Ramakrishna Mission in general and of the Ramkrishna Mission Home of Service, Benares, in particular, while the last two speakers dwelt at length on the inspiring life and teachings of Sri Ramkrishna and Swami Vivekananda.

THEN THE PRESIDENT ADDRESSED THE MEETING :—

He said that the growth of this Institution was due to the inspiration of Sri Ramkrishna and Swami Vivekananda the two great personalities, who added lustre to the spiritual history of India. Sri Ramkrishna realized the Divinity in man by his various religious experiences. To him Reality was one which permeated the entire animate and inanimate objects. The test of spiritual life was one's capacity to sense the Unity. Sri Ramkrishna exhorted all to realize the indwelling divinity in man and dedicate the life for the service of humanity. There was so much suffering outside, yet nobody cared to help the suffering humanity. What was wanted was not spending of money, but a proper attitude, which gives dignity and grandeur to our lives. Swami Vivekananda and his disciples have

exemplified this truth by starting various centres like this all over India. After praying that these centres might attract men who were imbued with a higher sense of service, the president said in conclusion that happy were those sufferers who came here for treatment, as they got service from the hands of such self-less workers ; but happier were those who were instrumental in carrying out such noble work. Happiest were those who escaped from the death-trap of self-interest. He hoped that with the passing of time the work of this Institution would grow more and more than it was in the past.

Prof. S. C. Das Gupta proposed a vote of thanks to the president and the speakers after which the meeting terminated.

OBITUARY

The Local Committee places on record its profound sense of sorrow on the death of the following persons :—

Dr. Amarnath Banerjee, an eminent physician of Benares who was an honorary medical officer and a member of the Local Committee of this Institution for over three decades. At his death the Home of Service has sustained an irreparable loss.

Sj. Subal Chandra Dutta of Messrs. Duttson Engineering Corporation, Calcutta, who was a regular subscriber to the Institution for over a decade till his last days.

Sir Manmatha Nath Mukherjee, who used to take keen interest in the activities of the Institution and evinced active sympathy with its cause by contributing regularly as a subscriber since 1923

THANKS OF THE COMMITTEE

The committee takes this opportunity to convey its sincere thanks to all the subscribers and donors for their generous help towards the maintenance and advancement of the Institution.

The Committee, while regretting its inability to mention the names of all the donors in the report owing to the abnormal

condition of the paper market, contents itself with a short reference to the following :—
